James Vincent C. Bade

Blk 14 Lot 22 Narra Street, Garden City 2, Queensrow West, Bacoor, Cavite • jvcbade@gmail.com • 09568429898 • jamesbadeportfolio.netlify.app

Objectives

My objective is to apply my knowledge and skills in Unity, programming, and database management to contribute to the development of innovative applications and games. I aim to further enhance my expertise in C#, Java, SQL, and Firebase while gaining valuable hands-on experience in the field.

Personal Information

Date of Birth: May 18, 2003   **Gender**: Male
Religion: Catholic   **Nationality**: Filipino
Dialect: English, Tagalog   **Civil Status**: Single

Education

Bloomfield Academy - Senior High School (2014 - 2022)
STEM Strand (Science, Technology, Engineering, and Mathematics)

STI College Las Piñas - College (2022 - 2026)
Bachelor Of Science In Computer Science

Experience

Augmented Reality-based mobile application
Developed an Augmented Reality–based mobile application using Unity to deliver interactive and immersive user experiences. The project overlays digital elements onto the real world, enhancing engagement and usability. It showcases expertise in Unity's AR tools and mobile development.

Mental Health Tracking and Therapy Scheduling Mobile Application
A mobile application that supports mental health by letting users log daily thoughts, moods, and experiences through journaling features. It allows users to track their well-being over time and gain insights into emotional patterns.

Skills

Programming Languages: CSS, Javascript, Java, C#, SQL, Python, PHP, Bootstrap
Tools: Visual Studio, Visual Studio Code, Windows Forms, Git, XAMPP, Unity, Godot
Soft Skills: Problem Solving, Open-Mindedness, Active listening, Attention to detail, Quick Learner
